OBJECTIVE

Dynamic Computer Science undergrad with 2+ years of hands-on experience in full-stack development and technical leadership. Passionate about building impactful solutions while continuously expanding expertise in cloud technologies and open-source ecosystems.

EDUCATION

B.E. Computer Science

Rajalakshmi Engineering College

Expected May 2026

CGPA: 8.21 (5 semesters)

Higher Secondary Education

Velammal Residential School

March 2022

95%

TECHNICAL SKILLS

| | |
|--------------------|---------------------------------------------------------|
| Programming | Python, Java, C/C++, JavaScript/TypeScript, Kotlin, PHP |
| Databases | MySQL, PostgreSQL, SQLite, Firebase, MongoDB |
| Tools | Git/GitHub, Docker, Nginx, Postman, Burp Suite, Figma |
| Frameworks | React, Express.js, Django, Flask, Next.js, React Native |
| Cloud | Kafka, AWS (Basic), CI/CD Pipelines |

EXPERIENCE

Software Intern

Firstsource, Chennai

Jan 2025 - Present

- Developing and maintaining enterprise-grade applications using React and Node.js
- Implementing Docker-based deployment pipelines for improved devops workflows
- Optimizing database queries resulting in 30% faster response times

Software Intern

Chennai Metco, Chennai

Oct 2024 - Mar 2025

- Redesigning old-school software with React, Node, and Electron.

PROJECTS

REC Companion

[GitHub](#)

Full-stack PWA for 1,500+ college users featuring grade tracking, timetable integration, and bus schedules. Built with MySQL, Flask, Docker, and React.

Devfest'24 Registration Platform

Handled 1,500+ registrations with secure payments and complex conditional logic. Technologies: React, TypeScript, Express.js, MongoDB.

LRC Get

Music lyrics synchronization web app using Spotify API and lrc-lib. Technologies: React, Spotify API.

REC Catalog

Centralized repository for study materials with 500+ active users. Built with MERN stack.

LEADERSHIP

| | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| Website Lead, Recharge 2025 Rajalakshmi Engineering College | 2025 |
| <ul style="list-style-type: none">- Led 5-member team to build registration platform for 12,000+ user flagship cultural fest- Coordinated 3-day event operations with 100% uptime during peak registration hours- Architected Next/TypeScript with Django solution handling 500+ concurrent users during proshow bookings | |
| Technical Lead DEVS REC (College Tech Community) | 2024-25 |
| <ul style="list-style-type: none">- Led 15+ member team in organizing Hackmageddon CH 1 and Recharge 2025 events- Mentored juniors in full-stack development through workshops and code reviews | |
| Board Member DEVS REC | 2023-24 |
| <ul style="list-style-type: none">- Organized 25+ technical events including WebDev contests and hackathons- Grew community membership to 1,850+ students | |

ACHIEVEMENTS

- **Smart India Hackathon 2024 Finalist** - Top 20/180+ teams (Coal Ministry Track)
- **MINT Hackathon Finalist** - Top 10/198+ teams (IIT-Madras)
- **SAP Hackfest Top 100** - Among 2,000+ participants
- Winner - Code Relay, WebDev Contest, Clone Quest, etc.

CERTIFICATIONS

- Oracle Academy: Database Programming with SQL/PLSQL
- NPTEL: Programming in Modern C++
- MongoDB: Basics Certification
- HackerRank: Python Certification
